## Writing

Time: 40 min

In your English class you have been talking about education. Now your English teacher has asked you to write an essay for homework.

Write your essay using all the notes and giving reasons for your point of view.

*Some parents teach their children at home rather than sending them to school.*

*Is this a good or a bad thing for the children?*

Write about:

1. having a parent as a teacher
2. making friends
3. ~~is it good or bad~~ (your own idea)

You should write about **200 - 250** words.

Now I want to reason about parents as a  
teacher and after math of it.  
To my mind it is the worth idea in the world  
because it is very hard. Besides parents cannot  
give an necessary knowledge for <sup>their</sup> children <sup>at</sup> school.  
It is one of the socialization steps in child's life.  
when <sup>the</sup> boy or girl studying <sup>ies</sup> at the school he or she gets <sup>ing</sup>  
new knowledge, making <sup>s</sup> new friends, get <sup>70</sup> their own

opinion about people, taking part in  
competitions, but if you studying at home you will  
never know, know to speak with people, who had <sup>20</sup> and go  
you will never have such ~~more~~ interesting like, if you  
studying at school, because you don't take part in ~~more~~  
competitions, don't have friends.

I think that it <sup>is</sup> very bad for children to study at home,  
because they will not be ready for usual life, because they  
don't know how to speak with people, how to live with ~~new~~  
parents and without their care.

In the end I would to say, that <sup>180</sup> studying at  
school is the best time in children's life, don't strip  
them this period of ~~their~~ their life, it ~~will~~ will be  
unfair and boring for them 5. ~~205~~
